DESIGN AND LAYOUT

Please give us your views on how the design and layout of the proposals have changed.

REGENERATION

Regeneration of the town centre has been a topic of discussion in recent months, particularly with the development of Westfield at White City. We would be interested in your thoughts on what you think the proposals could contribute to improving the retail offer in Ealing, facilities for shoppers or any other factors that could help Ealing Town Centre compete or improve what it offers to residents.

RESIDENTIAL

Please let us know your thoughts on the proposed new homes. What type of homes do you think Ealing needs? e.g. family, starter homes for young people?

TRANSPORT

We would be grateful for your thoughts on transport considerations. What do you think will be the key transport-related issues facing Ealing?

OTHER COMMENTS

Please let us know of any other comments you may have on the revised proposals.

If you need more space for your comments, please ask a member of the project team for a separate sheet.
